As a prize for winning a "flapjack" eating contest, in which he ate twenty-seven pancakes, sausages, cheese, pie and coffee, Ralph Steele, Wisconsin farm hand, was given a sack of pancake flour.

—AND SOME HUMOR—
An English barrister, after a particularly trying day, came home with his nerves on edge, and at once sought refuge in his own study, well away from the noises of the household machinery.

He sat down by his fire and was gradually getting calmed down when the cat, which had been sitting there, too, got up slowly and walked across the room.

The master turned on her and said indignantly: "Now what are you stamping around here for?"

COMMENTS ON LIFE—
A six-day week is all right for machines, but a five-day week is enough for men—Henry Ford.

When men go to the search for spiritual things the same energy and persistence which they bring to the quest for material wealth, the world will be on the way to the greatest discovery of all—Dr. Sidney M. Berry.

—AND SOME VERSE—
Poppy-Red Hats
The sky is so gray and the days are so dreary
That anything bright is a pleasure to see;
Of drab mackintoshes we all are so weary
That a poppy-red hat is a tonic to me.

Some wear a sea-blue mackintosh to go out in
And others a red, or a green, or a brown;
But the poppy-red hats are all bobbing about in
The street of our grey little slumbering town.

A mackintosh cannot be aught but depressing
Be never so changing its wonderful hue,
So it's me for the poppy-red, poppy-red blessing
That speaks of the summer and skies that are blue.

—Northern Witchell.

PSYCHOLOGISTS

WILL NOT COME HERE MARCH 29

Instead, Society Will Convene at Lexington, Ky.

DR. MEYER WILL ATTEND

Students Pay Tribute to Professor in His Last Class Today

Editor The Missourian: I have been authorized to state that the council of the Southern Society of Philosophy and Psychology has decided to change the place of its twenty-fourth annual meeting on March 29 and 30 from Columbia, Mo., to Lexington, Ky., the seat of the University of Kentucky. The Council would be grateful if the press would make this known to the public.

MAX F. MEYER

The dismissal of Prof. Max F. Meyer, chairman of the department of psychology at the University, has led the council of the Southern Society of Philosophy and Psychology to take the twenty-fourth annual meeting of the society from Columbia and hold it at Lexington, the seat of the University of Kentucky.

Dr. Meyer received a telegram today to that effect.

The society was scheduled to meet here next Friday and Saturday. The meeting in Lexington will be held on the same dates.

Dr. Meyer had been made chairman of the convention committee in charge of the local arrangements. Recently he had enlisted the aid of members of the University faculty in providing for entertainment for the visitors. Dr. Meyer is on the program and will attend the sessions at Lexington.

Dr. Meyer is also a member of the council. The other members are: Josiah Morse, University of South Carolina, and Ethel Bowman, Gaucher College.

The officials of the society sent Dr. Meyer a telegram this morning extending to him an urgent invitation to attend the session in Lexington. He was also asked to notify any friends that he may have invited and whose names appeared on the program of the change in place of meeting.

When asked this noon as to his future plans, Dr. Meyer said that he did not know what he would do. He intends to remain in Columbia for the present and attend to his many other duties other than were required of him in his former teaching capacity.

As Dr. Max Meyer entered his 11 o'clock psychology class this morning the students stood and applauded. Dr. Meyer thanked his class for expressing their feeling and directed his thanks especially to the women who, as he said, were most concerned in the affair. After a pause he added that the woman's interest was an intellectual matter. The lecture followed in the usual manner.

At the close of the class Dr. Meyer asked the class to come on Monday as usual and said that a change in laboratory hours would be arranged. His parting words were, "Good Luck."

Says M. U. Hurts Herself
LAWRENCE, Kan., March 22 (U.P.)—Missouri has been made ridiculous through the stirring up of an apparently trivial affair, Dr. Stuart A. Queen, chairman of the department of sociology at Kansas University, said after he had read the dismissal of three University of Missouri professors.

"Moreover," Dr. Queen added, "she has slapped her own face in ridding herself of one of the most able psychologists in the country and an intelligent institution which allows itself to be dictated to by drug-store cowboys and others who know nothing of science, degenerates from an educational institution to an institution of propaganda," he said.

Prof. Donald H. Glaser, of the department of sociology, commented he thought "it absurd that Missouri should feel the necessity of protecting the morals of her youth against subjects such as those in the questionnaire when they can walk into the movie shows any day they want to and see the same thing discussed on the screen."

"There should be no question taboos from investigation by science," Marsh said. "Only by the facts collected through science can progress be made."

Dr. Glaser to Speak in K. C. Sunday
KANSAS CITY, Mo., March 22 (U.P.)—The Kansas City Open Forum today sent to President Stratton D. Brooks, a resolution deploring the dismissal of University instructors in connection with the sex questionnaire.

The resolution, which was adopted last night on a motion of the Rev. John L. Jones, secretary of the forum, follows: "We unreservedly and unequivocally condemn the arbitrary action of the Executive Board of Curators of the University of Missouri in suspending Dr. Max F. Meyer, Dr. Harmon O. DeGraff and O. H. Mowrer for seeking scientific and scientific data on the sex question and for the high crime and misdemeanor of imparting special knowledge to their students on a question that seems to be taboo in high places."

Dr. Harmon O. DeGraff will be (Continued on Page Eight)

The Weather

For Columbia and vicinity: Mostly unsettled tonight and Saturday; local showers and thunderstorms probable; cooler by Saturday night.

For Missouri: Mostly cloudy tonight and Saturday; probably local showers and thunderstorms; cooler west portion Saturday.

Shippers forecast: Within a radius of 200 miles of Columbia the lowest temperatures are expected to be above freezing.

Weather conditions: Thunderstorms and rain continue from the Rio Grande northeast to North Carolina. Alabama and Georgia again are subject to heavy rains and floods. Showers and local thunderstorms have occurred from Iowa east to Pennsylvania. The weather is unusually warm for the season in Missouri and east and southward. Early in the morning into Canada there has been a reaction to wintry conditions, snow and freezing being general. The lowest temperature reported is 2 above zero in Manitoba. More or less unsettled, threatening, cooler weather is the Missouri outlook for the week-end.

Highest temperature here yesterday was 72; lowest last night, 54.

JENSEN TO TEACH "FAMILY" COURSE

Dr. Meyer's Abnormal and Social Psychology Discontinued

At the farewell meeting of "The Family" class at the University this morning under Prof. H. O. DeGraff it was decided by members of the class to give a dinner on next Wednesday evening in Dr. DeGraff's honor. Only members of the class will be invited to attend the dinner.

In talking to his class for the last time this morning, Dr. DeGraff said that there was no harm in constructive investigation. He said he believes in college young people and that they are working conscientiously not to undermine fundamental principles, but are working with their instructors to perpetuate and make more sound the functions of family life.

"The Family" course will continue for the rest of the semester under the direction of Dr. Howard Jensen. The work in Dr. DeGraff's other courses will be divided between Dr. Charles A. Ellwood and T. E. Sullinger, graduate student in sociology.

Dr. DeGraff indicated this morning that he had no future plans. He did say, however, that he would remain in Columbia for the present.

One student in "The Family" this morning suggested that the class go together and rent an office near the campus for Dr. DeGraff to use.

The course in instincts and habits in the department of psychology of the University, which has been taught by Dr. Max Meyer, will be continued throughout the semester under Miss Dorothy Postle, instructor in psychology, according to an announcement this morning by Dean F. M. Tisdell of the College of Arts and Science.

The course in abnormal psychology and the course in social psychology formerly taught by Dr. Meyer, will be discontinued. Credit will be given to the students in these courses for work already done on the basis of one-half the number of semester hours originally assigned to the course.

For those students in these discontinued courses who enter some other course for the rest of the semester in order to secure full credit, the department of philosophy has provided work in problems of philosophy. This course will carry two hours credit for the rest of the semester.

All students wishing to enter this course in philosophy are requested to meet in Room 131, Jesse Hall, at 4:30 o'clock Monday afternoon.

The course in employment psychology, offered primarily for students in the School of Business and Public Administration will also be discontinued for the rest of the semester. Students in this course will receive credit for one-half the semester hours assigned to it.

All students of this course who wish to enter another course for the rest of the semester are requested to consult Dean F. A. Middlebush.

An anonymous placard which appeared on the University bulletin board last night further urged student action regarding the dismissal of Dr. Max Meyer and Prof. H. O. DeGraff.

The message urged students to go home Easter prepared to vindicate the professors with their parents and other tax payers to the extent of raising 36,000 demands to be sent to the General Assembly and the Board of Curators to rescind the action of the Executive Board. Further the message stated a belief that such a demand would not be ignored.

LOCAL WOMAN RE-ELECTED
Mrs. G. M. Shepherd Made Manager of Royal Neighbors Convention

Local members of the Carnation Camp of the Royal Neighbors of America who attended the state convention of the Royal Neighbors of America held in Moberly Tuesday and Wednesday returned yesterday.

Mrs. Anna Shepherd of Columbia was re-elected supreme manager at the convention. Mrs. Ruby Farthing of Columbia was elected supreme delegate of the Eighth District and Mrs. Amanda Scholler of Booneville was elected supreme alternate of the Eighth District.

Governor of Porto Rico to Resign
WASHINGTON, March 22 (U.P.)—The resignation of Gov. Horace M. Towner of Porto Rico will be accepted as soon as his successor can be selected, it was learned unofficially today.

SCOUTS ADOPT

NEW PLAN OF CO-OPERATION

Three-Man Troop Committee Is Enlarged to Five

CHAPLAIN TO BE ADDED

Greater Contact Urged Between Members and Parents

A new plan of troop committee co-operation was initiated yesterday at a meeting of the Executive Committee of the Boy Scouts of America in Jefferson City. The new plan, devised after several years' research by Scout Executive A. J. Gillette, offers a reorganization of the old three-man troop committee, increasing it to five members, each with an individual responsibility as well as a committee charge.

The new plan aims at a more efficient handling of both the executive and economic functions of the troop. A greater contact between the troop members, the troop committee and the parents of the Scouts, is urged.

As a further aim at raising the moral teachings of the Scouts to the highest degree possible, a chaplain is to be added to the troop committee. He is charged with meeting the Scouts regularly and delivering heart to heart talks to the boys.

The new duty assigned to the troop committee is to see that the community correctly interprets the essentials of Scouting and the requirements of the parent institution. The committee is charged with seeing that the troop observes and abides by the regulations of the National Council of the Boy Scouts of America. Co-operation between the parents and the Scout troop is also a part of the responsibility which rests upon the troop committee.

The plan becomes effective immediately in the Central Missouri Area, which is under the direction of local executive offices. It tends to place an individual duty on each member of the troop committee, aiming thereby at eliminating misinterpretation of duties. A feature of the plan is the installation of the "daddy" idea, by which each patrol in the troop chooses a member of the committee for its particular daddy. He is then responsible for the work of the entire troop.

Troop 7 of the local Boy Scout organization will occupy the W. J. Hetzler Scout Cabin tonight. The Surlinella Campfire Girls, in charge of Miss Eleanor Jeffrey, have engaged the cabin for tomorrow afternoon and evening.

Engagements for the Hetzler Cabin have been filed for a number of weeks, indicating the big demand on the cabin this spring. Some troops have placed applications as far as three months in advance.

The annual inter-troop rally of the Mexican, Mo., Boy Scout organization will be held tonight at the Mexico High School Gymnasium. Cecil G. Morrison and A. J. Gillette, local Scout executives, will attend the rally.

CRAIG IS ELECTED

Y. M. C. A. PRESIDENT

Donald Dawson Receives Vice-Presidency in Yesterday's Meeting

Marshall R. Craig of Columbia was elected president of the University Y. M. C. A. at a meeting of the board of directors yesterday afternoon at Lowry Hall. Other officers elected were: Vice-president, Donald Dawson, Eldorado Springs; recording secretary, Louis R. Hughes, Jr., Kansas City; chairman of the board of directors, Dr. W. A. Albrecht; and treasurer, George H. Jackson.

The membership of the board of directors of the University Y. M. C. A. is made up of eight student members, seven faculty, five Columbia citizens and two out-of-town.

The student members of the board include Marshall Craig, Donald Dawson, Clark Elzey, Ralph Graves, Louis R. Hughes, Jr., Paul Krueger, Glenn Ogil and Harold Williamson. Dr. W. A. Albrecht, Dr. Stratton D. Brooks, Dr. Harmon O. DeGraff, Dean G. D. Edwards, Dean Albert K. Heckel, Dr. M. G. Mehl, and Prof. Jesse E. Wrench are the faculty members on the board.

The Columbia citizens on the board are E. F. Carter, the Rev. David R. Haupt, R. L. (Bob) Hill, George H. Jackson and C. B. Rollins, Jr., and the out-of-town members include H. K. Poindexter and James S. Summers.

FAILS TO ORGANIZE BAND

Kansas City Man to Make Another Effort to Interest Boys

No one attended the meeting for establishing a boys band held last night in the Chamber of Commerce rooms. W. A. List, who is organizing the band, believed the lack of response was due to the fact that few knew of the meeting. He left Columbia today, but is to return on Wednesday at which time he will talk with the principals of the schools and pastors of the church to gain their interest in the project.

Mr. List says a boys' band would be an asset to Columbia, in that this is a convention city and a band would fill an important place in convention meetings. Also he states the training boys would receive in band practice would be worth the effort that goes with organization.

HIGH SCHOOL TEST

SCHEDULE GIVEN

Boone County Curricular Contest to Start at 9 A. M. Tomorrow

The schedule of tests to be given in the first Boone County High School Association curricular contest, which will be held tomorrow at Harburg, Hallsville, Surgeon, and the University High School in Columbia will take part, was announced this morning.

From 9 o'clock until 9:50 o'clock tests in advanced algebra and elementary algebra will be given; between 10 o'clock and 10:50 o'clock, plane geometry and American problems; and between 11 o'clock and 11:50 o'clock, English and American literature and freshman and sophomore composition.

Beginning at 1 o'clock, the first period of 15 minutes will be taken up by tests in biology, citizenship, and American history. The second afternoon period, from 2 until 2:50 o'clock, will be spent in agriculture and Latin quizzes.

The evening program will consist of a banquet (for boys only) presentation of awards. A feature of the evening will be a "selling bee" for the seventh- and eighth-grade teams from the different schools. There will also be one surprise feature, during the formal program, after which there will be an hour of games and dancing.

BANK ROBBERIES

DOUBLE IN 1928

A. A. Speer Says Highway Police System Would Better Condition

Bank hold-ups by bandits in Missouri during 1928 exactly doubled the number that occurred in 1927, A. A. Speer, president of the Missouri Bankers' Association, stated in a business session of the Boone County Bankers' Association held yesterday afternoon at 3 o'clock. The business program featured a luncheon held at Harris' Cafe, with C. W. Settle of Centralia presiding over both sessions.

Sixteen bank robberies occurred in 1927 and thirty-two took place in 1928, Mr. Speer said. He suggested that the proposed state police system would be one step in elimination of bank hold-ups.

Leo D. Kelley, vice-president of the National Bank of Commerce, St. Louis, spoke of the necessity of service in banking. The service demanded of a banker today places him in the support of a quasi-public official, Mr. Kelley stated.

Mr. Kelley attributed recent bank mergers to the fact that a maximum of service could be rendered the public with less overhead expense when several banks consolidated.

Wendell Holman, Boone County farmer, said "Boone County Agriculture Problems and the Bankers' Relation to Them." Mr. Holman outlined the needs of the farmer and expressed his belief that the bankers of Missouri are adequately meeting the agricultural situation.

The association was urged to continue support of the Boone County boys and girls who are members of the 4-H Club, according to E. S. Dyart, secretary of the organization. The association will continue its custom of awarding premiums for prize livestock raised by Boone County youngsters.

The association will hold its next meeting in June. The exact time and place of the meeting is to be determined by the following committee: B. C. Hunt, R. Kemper Reid, and E. S. Dyart.

Those who attended the luncheon were: Leo D. Kelley, St. Louis; Sam A. Baker, A. A. Speer, Jefferson City; C. C. Hunt, R. K. Reid, H. H. Banks, J. C. McLachlan, W. T. Conley, James Gordon, S. M. Meyers, G. B. Sapp, H. G. Banks, S. F. Conley, Arthur Bruton, E. S. Dyart, Columbia; J. F. Beasley, Harburg; R. M. Raw, G. D. Young, Rocheport; J. S. Edwards, S. T. Dawson, A. E. Early, R. A. Fountain, Centralia; E. S. Stewart, H. E. Davis; Surgeon; H. A. Niemeyer, George W. Hildebrand, H. F. Wintermyer, Harburg; William D. Sapp, Ashland.

TO HOLD ANNUAL MEETING

Country Club Governors and Stockholders Assemble Tuesday

The board of governors and the stockholders of the Columbia Country Club will hold their annual meeting next Tuesday evening at 7:30 at the country club. This announcement was made this noon at a luncheon of the board of governors at Harris' Cafe.

Members of the board are: President, Dr. D. A. Robnett, vice-president, C. C. Bowling, secretary, R. L. Hill, treasurer, W. T. Conley; Barton Robnett, L. N. Price, Jack Taylor, and W. B. Nowell, Jr.

No Church Merger Decision
A dispatch was received this afternoon by the Missourian saying that no decision had been reached by the committee in Kansas City relative to the proposal to join the Methodist Episcopal Church and the Methodist Episcopal Church (South) in Columbia.

Less Soot, But It's Not Mixed
ST. LOUIS, March 22 (U.P.)—Admitting St. Louis still retains the national mucky, foggy, smoky, sooty atmospheric championship, Osborn Monnett, consulting engineer in smoke abatement, declared overall per square mile per year here had been reduced 415 tons in three years. In 1926 the soot deposit was 870 tons per square mile.

OFFICERS ARE

SELECTED BY P-T. A. GROUPS

Plays, Songs, and Discussions Feature Programs

LEE SCHOOL WINS HONOR

Is Only One in Columbia to Receive National Certificate

The annual election of officers of the Parent-Teacher Association of Columbia, was held yesterday afternoon at the different schools. Educational talks as well as entertaining for the pupils, featured the programs.

"School Budget Decreasing"
While it has been said that too much is being spent for the support of education, it seems very small when the \$2,000,255.00 spent in educational work in the United States is compared with the \$10,000,000.00 spent by the federal government alone in two years, Supt. W. I. Oliver said at the meeting of the Parent-Teacher Association of Lee School yesterday afternoon.

Mr. Oliver says that there is an ever-increasing school program both in magnitude and complexity, and there is a decrease in the budget. Since the limit in the levy has already been reached in Columbia, there is no solution for the problem unless there is an amendment to the constitution, or the state contributes the necessary money. Mr. Oliver predicts that there will be some relief in the situation after twelve months.

Other features of the program were a group of songs by the fifth grade, and discussions of the subjects, "Heart Methods in Education," "Child Welfare," and "Lecture for Reading."

Mrs. Gauntlett Elected at Lee
During the business meeting a report was made in which the summer round-up work was discussed. Because of the work of the spring survey group in examinations and correction of defects among children of the pre-school age, Lee School was elected to the National Education Honor, being the only school in Columbia which had no child in the first grade underweight.

The following officers were elected: President, Mrs. B. D. Gauntlett; vice-president, Mrs. S. T. Simpson; secretary, Mrs. U. E. Peniston.

Mrs. Farthing Heads Field Group
Mrs. Thomas Farthing, 710 Fay Street, was elected president of the Parent-Teacher Association of the Eugene Field School yesterday. The "Religious Education in Junior High Schools" as her subject, Mrs. D. E. Thomas, instructor at Jefferson Junior High School, outlined the work being done in the teaching of citizenship and religion to students of junior high school age.

Besides Mrs. Farthing, the following officers were elected: upon suggestion of a nominating committee: vice-president, Mrs. Sallie Whitesides; secretary, Mrs. Ira Edwards; and treasurer, Mrs. C. W. Kennedy.

Mrs. Thomas spoke of her experiences in teaching religious principles to students. Religious education in the schools is receiving the commendation of the church, the fact that the subject is still in the experimental stage, she said.

Two hundred fifty students in the seventh, eighth, and ninth grades are enrolled for the course in religious education taught by Mrs. Thomas.

The children are especially amenable to suggestions, the speaker said. The attempt to teach good living and the principles of citizenship should produce good results, is the opinion of Mrs. Thomas.

The Eugene Field School is forwarding a health program for the school children.

Benton P-T. A. Elects Mrs. Bricker
At the meeting of the Benton School P-T. A. yesterday afternoon the following were elected as officers for another year: President, Mrs. W. L. Bricker; vice-president, Mrs. F. G. Herrin Ridgeway; second vice-president, Miss Tillie McHarris; secretary, Mrs. J. C. Herrin; treasurer, Elmer Wyland; and historian, Mrs. Ned Gabyland.

"Lecture Time Activities for Children" was the subject of a talk given by Mrs. C. J. Greene as part of the program. Mrs. Greene recommended the back yard as an ideal place for raising the child.

"The child is the child and quickly grows tired of being amused," said Mrs. Greene. In the long run the child likes a hammer better than he does some clever mechanical invention, for with a hammer he gets more action into his play. Simple devices as swings and merry-go-rounds in the back yard will always attract the child and keep him employed in wholesome play.

For mental play, Mrs. Greene recommended reading dramatic stories to the child and teaching him to become interested in nature.

Other features of the program were songs by the school children and numbers by "The Red Pepper Band" which was composed of children from the first and second grades.

Mrs. Knight Unanimous Choice
Mrs. L. P. Knight was unanimously chosen president of the Grant Parent-Teacher Association yesterday afternoon.

Mrs. Marshall Bryant was elected vice-president, Mrs. Lee Hillis.

(Continued on page two)

G. B. SAPP'S CAR

FOUND IN JOPLIN

Two Boys Arrested There—Deputy to Bring Them Back

On the charge that they stole a Buick sedan in Columbia, two boys are being held today by the Joplin police. The description of the automobile, including motor and license numbers, as given in a telegram from Ed Postley, Joplin chief of detectives, makes it certain that the car is the one stolen Wednesday night from G. B. Sapp.

The names and ages given by the boys were Forbes Buchanan, 17, and Francis Kattler, 15. They are unknown in Columbia, according to Sheriff Clyde Ballew. It is probable they were tramping through and took the car, Chief of Police John L. Whitcomb says.

C. C. Whitworth, deputy sheriff, will leave for Joplin tonight to bring back the two boys.

The Buick was stolen while Sapp was in the office of the Boone County Lumber Company.

Two more automobile thefts were reported last night to the police. A new Essex Coach, belonging to John Herndon of Centralia, was taken after 7:30 from where it was parked at Broadway and Ninth. Later a 1927 model Ford coupe belonging to O. P. Craighead was stolen. Craighead had left it on Locust Street near Ninth Street. Neither car had been found this morning.

ALIVE IN MINE

AFTER 26 HOURS

His Rescue Inspires Hope for Three Others

PARNASSUS, Pa., March 22 (U.P.)—Lawrence Allhouse, one of the missing miners in the Kinloch Mine of the Valley Forge Coal Company which was wrecked by an explosion yesterday, was rescued alive today.

Allhouse was found injured in the workings almost a mile from the pit entrance where the explosion occurred. He had lain injured in the mine more than twenty-six hours.

He had been trapped in the 300-foot slope of the mine on a stretcher his eyes were open but he seemed in a daze. He was taken to a nearby hospital.

After bringing Allhouse out of the pit the rescue team which found him hurried back into the workings hopeful of reaching three other miners who are believed to be alive in the section of the mine
